ABOUT ME

I'm a data analyst with a passion for finding insights that help businesses grow. I have a degree in Master in commerce. but i switched to data analytics after complete data analyst course from wscubetech. I have experience in using python, SQL, Power BI, Excel and Statistics to analyze data and deliver results. I have completed data analytics projects. i am always curious and eager to learn more about data analytics and marketing . i enjoy working with data and solving real world problem. I am looking for opportunities to join a team that share my enthusiasm for data and innovation.
